Where To Eat Dinner: [Workshop Kitchen + Bar](#)

You have two options at Workshop Kitchen: Either sample a bunch of small plates, choosing from delectable starters like octopus carpaccio and mesquite-charred Brussel sprouts, or share one of their large-format dishes, such as a 22-ounce rib-eye, with your table.

Workshop, 800 North Palm Canyon Drive (at East Tamarisk Road); 760-459-3451.
